Do you want a Brexit Deal by the end of the year?

Yes

We have an oven ready deal anyway

We need to show those cheese eating surrender monkeys who's boss! Threaten to walk away

OK. Do you have a State Aid policy to reassure the EU?

What?

That isn't going to work. The EU needs more than that.

Does that mean circumventing procurement rules and giving contracts to mates of people at Number 10?

Threaten them with denying their boats access to UK waters

Hang on. 2/3 of the fish catch goes to the EU anyway

Land it in the UK and send it in a truck to Europe!

Hang on. The IT systems aren't ready for us leaving the customs union. What are you going to do?

Call Dido Harding!

Hang on. Her record isn't great.

Call SERCO!

Hang on. Their record isn't great.

Ah! Someone has a working IT system... the French Government!

NO! We said we would Take Back Control! We can't do that!

Yes, but what about Take Back Control?

But our IT systems are not ready...

Sorry, but even Iain Duncan Smith will not fall for this one. Next.

AI and Blockchain! I have a friend who can do that...

Er, public procurement rules?

Where's Pestfix when you need them?

No, we need to look like we learned from the A-levels fiasco. No "mutant algorithms"

No. So that's OK then.

Why not just not actually control stuff at the border? Let it in?

But a Deal... we were talking about the State Aid policy

There's this Australian whizz I know... Liz Truss thinks he's amazing. Tony Abbo...

We need more ferries! Call Seaborne Freight

Who?

Agh. Grayling is not in Government just now. Bring that man back!

No. Not even the tabloids are going to accept that.

Will Iain Duncan Smith bother reading it or understanding it?

But that State Aid policy that the EU wants to hear about...

So no Deal then?

You lost me at Liz Truss. That's not a serious solution.

Blame it all on COVID!

But COVID isn't to blame!

Blame it on Remainers!

But Remainers said to extend transition because of COVID and the UK Government rejected that

So do the damned deal then!

SIMPLE! Blame it all on the EU's inflexibility then!

Or just say someone's an IRA sympathiser!

NO! Don't go there!

FISH! FISH! Fish always works as an argument
